Career Objective

MCA graduate with strong foundation in Python, database management, and web development. Skilled in designing, developing, and debugging applications. Seeking a Software Developer role to contribute to building scalable and efficient software systems.

Technical Skills

- Programming Languages: Python , Java(Basics) , JavaScript
- Web Technologies: HTML, CSS, Django
- Database: MySQL(CRUD operations , queries)
- Tools & Platform: VS Code , PyCharm , Figma .

Projects

- **Efficient news curation: Django powered aggregator enhanced by beautiful soup.**
Designed and developed a web application using Django to collect and display news from multiple sources
Implemented data extraction using BeautifulSoup and optimized data processing
Added search and filtering features to enhance user experience
Debugged and improved application performance for faster response.
- **Student Management System Using Tkinter Connecting with MySQL**
Developed a desktop application using Python Tkinter integrated with MySQL database
Designed database structure and implemented CRUD operations
Debugged and resolved issues related to data handling and UI interact.
- **Real-Time Vehicle Breakdown Assistant System**
Built a location-based system to connect users with nearby service providers
Designed application logic for real-time data handling
Improved system efficiency and response time through optimized workflows

Internship

- Completed an internship on Web Development at Pantech E Learning Pvt. Ltd.
- Completed Python Internship at NextGen Solutions.

Education

- | | |
|---|--------------|
| • Guru Nanak college(Autonomous)
Master of Computer Application (85%) | 2024 to 2026 |
| • New Prince Shri Bhavani Arts and Science College (77%)
Bachelor of Computer Application | 2021 to 2024 |
| • Shiksha Matriculation Higher Secondary School (75%)
12th | 2020 to 2021 |

Achievements & Awards

- Represented school at District-level Hockey Tournament (2019)
- Introduction to Modern AI - Cisco
- HTML Essentials - Cisco
- National Conference on Next-Generation Computing (2026) - Cisco

Soft Skills

- Teamwork
- Adaptability & quick learning
- Time Management.
